

TIMELESS COLLECTION

NORDICA® ROOF SYSTEM

A new inspiration for Malaysian roofscape

Polar Winter

MONIER NORDICA® Roof System brings a totally new roofscape to Malaysia with its rounded wave design, an inspiration from the Nordic and Baltic regions. While MONIER Round Tech on NORDICA® gives your roof a precise rounded nose edge on roofs and retards fungus growth, it has now become the new roofing reference and trend in the building industry. A well accepted roof system by nation builders for major housing schemes, schools and public buildings.

TRENDY ROUND WAVE DESIGN

This New style roof system together with its simplicity features complement your modern homes architecture, giving it an overall refreshing look without being out of place.

COMPACT ROUND NOSE

The unique round nose delays fungus and algae growth. This feature is well-matched and suitable for Malaysian weather.

EASY INSTALLATION

MONIER NORDICA® moulded with precision and uniformity, ensuring dimension stability for a consistent and perfect fit each time. This roof system can be laid cross bond and straight bond.

CHESSBOARD EFFECT

MONIER's latest innovative offerings the Chessboard colours for that unique roof styles. The Chessboard effect looks even more distinctive when laid cross bond. Let your roof style be outstanding and different.

MORE POWER TO YOUR ROOF

NORDICA® COLOUR PALETTE

A palette inspired by the natural cool colours of simple and unique nordic lifestyle, our Nordica® Roof system range will brighten the aesthetics of your home. MONIER's latest colours creation, the new Chessboard colours to liven up your roof styles!
